Dear Legislator,

My name is RAY Williams and I live at 1492 NORTH RD
in GROTON, CT.

Within the construction field, unemployment is often a common reality. Jobs are offered for weeks, if not days, at a time, and you are lucky to get a long-term job. Waiting a week to receive unemployment benefits after being laid off from work would make it nearly impossible to support my family.

Construction is a paycheck to paycheck living and unemployment helps to fill the gap when there is a lack of work. As a construction worker, I could work for as many as 8 or more employers in a year, and face layoff up to 8 or more times. Therefore, with this week long wait for eligibility, I am potentially losing up to 8 or more weeks of income during a year. I am constantly searching for long-term jobs. I want to work but sometimes the work is just not available. Changes to unemployment would further hurt my ability to support myself and my family during these tough economic times. Please oppose these bills and support my future.

Thank you,
